Dear Parents,

We are delighted to announce that Genie Lab Science club will be back at William Cobbett Infants School this Spring term!

Check out our promotional video to give you an idea of what we do…

https://vimeo.com/524279300/2d1ed8e9ca

There will be 10 sessions from Wednesday 13th January to Wednesday 24th March 3.15-4.15pm (no session during February half term).

The cost for the full term will be £115.00

To book and make payment, please go to www.bookwhen.com/genielab

What do we do…?

We cover loads of science topics from pressure, chemical reactions, bubbleology and rocketry to hovercrafts, sound and optical illusion! Examples of the makes our children bring home include telegraphs, torches, Hex bugs, lava lamps and balloon powered cars. They also often work collaboratively in areas such as construction and design, in the past making their very own leaning Tower of Pisa!

In our years of experience, we have found that nothing can resonate better with children than a nurturing environment where they are able to get completely hands on and not be afraid to learn through trial and error. Skills learnt through our programme include communication and team work, analysing, data interpretation, hypothesising, measuring and classifying to name just a few.

Look forward to seeing you!
